1. Host country is already encouraging sustainable development on basis of clean technology, in this case how this project meet additionality criteria of CDM process?
2. Whether uninterrupted supply of Natural Gas has been ensured from suppliers for continuous operation? Whether gas will be provided from existing network of pipeline or modification is needed?
3. How many people directly and indirectly are assumed as beneficiary in terms of employment, contract and other business as mentioned in social well being section?
4. Neither Name of stake holders nor minutes of consultation are shown in PDD.
5. Whether local villagers would be beneficiary of CDM revenue earned by company? Any plan has been develop to earmark certain fund from CDM revenue for community welfare to improve social well being of local people?
